

NARRASCOPE

Narrascope 2022
Celebrating Narrative Games
30-31 July : online

About NARRASCOPE

NarraScope is a narrative games conference that supports interactive narrative, adventure games, and interactive fiction by bringing together writers, developers, and players.

“Interactive fiction” has many meanings. It describes many kinds of games and many diverse communities of practice. It’s time to bring those communities together to hang out, chat, and exchange ideas!

NarraScope 2020 had a great audience. With 500+ attendees, 65+ speakers and panelists, 50+ sessions in 8+ days of community, the edition brought together speakers and attendees from all over the world.

NarraScope is back this year, and we are highly motivated to bring the event to new heights, help developers and gamers with a passion for narrative games learn from each other, and share experiences.

We are grateful to everyone who helped make 2020's experience memorable and are counting on your support for NarraScope 2022!

Sponsorship opportunities

SPONSOR PACKAGE– \$500

This year, we have streamlined our sponsorship packages into one standardized sponsor bundle. Sponsoring NarraScope affords you the following benefits:

- Thank you (name + small blurb) during opening speech
- Logo featured on our website's sponsor section
- Thank-you post on our social media
- 1 item in the virtual goodie-bag

Additional sponsorship money above the \$500 level is appreciated! If you wish to discuss a larger sum, please reach out to the NarraScope Conference Committee to discuss options via narrascope@iftechfoundation.org
